Additional Purchasing Provisions

703.1 SOLE SOURCE VENDOR (PURCHASES THAT ARE CLEARLY AND LEGITIMATELY LIMITED TO A SINGLE SOURCE OF SUPPLY)

If, after conducting a good faith review of available resources, the requesting department director determines that there is only one source of the required materials, supplies, or equipment, a purchase contract may be awarded without complying with established bid requirements. The requesting department director will submit a written request for sole source procurement to the Mayor/Council for approval, and conduct price, terms, and delivery negotiations, as appropriate. The vendor must certify in writing that the City is getting the lowest offered price.

The City Council shall approve all sole source purchases by resolution that identifies the factual basis for the sole source justification and concludes that “the purchase is clearly and legitimately limited to a single source or supply.” A sole source resolution shall not be required in case of emergency, under the terms and conditions specified in RCW 39.04.280(2)(b) and (c). On-going sole source purchases of materials, equipment, and supplies should be reviewed annually to ensure the pricing is still the lowest price for the City and that the conditions that justify the sole source purchase still exist.

703.2 PURCHASES INVOLVING SPECIAL FACILITIES OR MARKET CONDITIONS

RCW 39.04.280(1)(b) authorizes the City Council by resolution to waive established bidding requirements if an exceptional opportunity arises to purchase favorably-priced equipment or supplies or used goods that will be sold before the City can conduct the bid process. The resolution must set forth the factual basis for the special market conditions.

RCW 70.95(A).090 authorizes exceptions to the requirements of Section 7 and Section 8 of this policy as it applies to purchases for Pollution Control Facilities as they are defined in RCW 70.95(A).020.

703.3 AUCTIONS

RCW 39.30.045 authorizes the City to acquire supplies, materials, and equipment through an auction conducted by an agency of the State of Washington, an agency of the United States, any municipality or other government agency, or any private party if the items can be obtained at a competitive price.

703.4 SURPLUS PROPERTY

The City may acquire surplus property from another government without the use of competitive quotes or bids (RCW 39.33.010), when it is possible to procure obvious bargains through the procurement of surplus or distress material, supplies, or equipment. The requesting department director will submit a written request for procurement to the Mayor for approval, and conduct price, terms, and delivery negotiations, as appropriate.

Additional Purchasing Provisions

703.5 PURCHASES IN THE EVENT OF AN EMERGENCY

Emergency is defined as "...unforeseen circumstances beyond the control of the municipality that either: (a) present a real, immediate threat to the proper performance of essential functions; or (b) will likely result in material loss or damage to property, bodily injury, or loss of life if immediate action is not taken." If an emergency situation has been declared, the Mayor or designee may make or authorize others to make emergency procurements of materials, supplies, equipment, or services without complying with the requirements of this policy when there exists a threat to public health, welfare, or safety or threat to proper performance of essential functions; provided, that such emergency procurements shall be made with such competition as is practical under the circumstances. A written determination of the basis for the emergency and for the selection of the particular contractor/vendor shall be included in the contract file. As soon as practical, a record of each emergency procurement shall be made and shall set forth the contract's name, the amount and type of the contract, and listing of the item(s) procured under the contract, which shall be reported to the Council at the next subsequent meeting. If a contract is awarded without competitive bidding due to a declared emergency, the City Council must adopt a resolution certifying the emergency situation existed no later than two weeks following the award of the contract (RCW 39.04.280(2)(b)). The persons authorized to issue an emergency proclamation under MMC 2.60.090, in the same order of succession, are authorized to declare an emergency for purposes of this bidding exemption.

703.6 INTERLOCAL AGREEMENTS

The City may enter into Interlocal agreements with other public agencies similarly authorized under RCW 39.34.030. State law in regard to competitive bidding shall govern any cooperative purchasing agreement. The competitive bid process of the original jurisdiction may substitute for Algona's if consistent with the bidding laws that apply to Algona. "Piggybacking" on other jurisdiction bids requires an Interlocal agreement. All Interlocal cooperative-purchasing agreements shall be presented to Council for approval.

The Finance Department maintains an updated list of active Interlocal agreements through which the City of Algona may be able to realize savings. This list is available to all City staff for use in their procurement activities.

703.7 NO BIDS OR QUOTATIONS RECEIVED

When no responsive bids or quotations are received in response to an invitation to bid or request for quotations, the department director or his/her designee is authorized to procure the required item through direct negotiations with a vendor or to rebid, or do the project with City employees for public works contracts, as the Mayor or his/her designee deems appropriate.

703.8 TRAVEL

All expense payments or reimbursements for travel and/or subsistence expenses must meet the requirements set forth in the City of Algona Travel Policy, which establishes policy and procedure related to obtaining travel authorization, advance travel funds, and expenditure or reimbursement
