SCOPE OF WORK

CITY OF ALGONA NPDES PHASE II PERMIT STORMWATER PROGRAM ASSISTANCE AMENDMENT 1

The Washington State Department of Ecology (Ecology) issued the third edition of the National Pollutant Discharge Elimination System (NPDES) Phase II Stormwater Permit (Permit) on August 1, 2019. The City of Algona is required to continue permit coverage under the schedule provided by Ecology. The City has requested the services of Gray & Osborne to assist with providing guidance and to complete various elements of the requirements associated with the current permit. The following tasks for providing this service have been identified below and the associated fees are listed in Exhibit B.

TASK 1 – PERMIT ASSISTANCE

Gray & Osborne will assist the City with complying with the current permit (active from August 2019 to July 2024). Anticipated tasks include the following.

Subtask 1.1 – Public Education and Outreach Assistance

Gray & Osborne will continue to provide the following:

- Recommendations for appropriate targeted audiences located in Algona and ideas on how to measure changed behavior associated with this audience(s).
- Provide resources for providing general awareness of stormwater-related issues.
- Suggest stewardship activities to be posted on the City’s website.

Subtask 1.2 – Mapping and Documentation Assistance

Gray & Osborne will provide the following:

- Updates to the City’s GIS-based stormwater base map/map books as indicated via marked-up maps or field edits provided by the City.

Subtask 1.3 – IDDE Program Assistance

Gray & Osborne will provide the following:

- Review the City’s IDDE ordinance for compliance and suggest revisions as necessary.

Subtask 1.4 – Construction Site Runoff Program Assistance

Gray & Osborne will provide the following:

- Review the City’s construction site-related ordinances.

Subtask 1.5 – Operation and Maintenance Assistance

Gray & Osborne will provide the following:

- Review City code to ensure up-to-date maintenance standards are in place and enforcement actions pertaining to maintenance of private facilities are listed.
- Gray & Osborne will provide a Stormwater Pollution Prevention Plan (SWPPP) for all maintenance and storage yards used by the City if one is not already in place.

Subtask 1.6 – Source Control Program Assistance

This task assumes the City will utilize its own personnel to conduct source control inspections and training. Gray & Osborne will assist in the following manner:

- Assist with providing guidance related to the Source Control Program which will include providing code revision recommendations.

Subtask 1.7 – Draft Annual Report

Gray & Osborne will assist the City with preparing the electronic Annual Report each year through 2024.

Subtask 1.8 – Monthly Status Meetings

Gray & Osborne will conduct monthly status meetings to discuss the upcoming action items needed for the upcoming 3 months and to document NPDES permit-related activities that occurred in the prior month. This scope assumes these meetings will be held between Gray & Osborne and City staff each month through August 2024.
