### **Please Note:**

1. Please be sure to fill out Page 2 of this application
2. Provide a sketch, for approval by the City of Algona Public Works and Planning Department, showing proposed installation or repair location. An engineered design may be required.
3. Work within the City right-of-way, in conjunction with a sewer permit, requires a separate right-of-way construction permit.
4. Attach easements required for this side sewer installation, if applicable. Attach a copy of easements filed with the county auditor.

The Owner hereby certifies that he has obtained a copy of the City of Algona Side Sewer Standards and other pertinent information, if any, regulating the installation of the proposed side sewer, and agrees to comply fully herewith. The Owner further agrees to hold the City of Algona harmless for the work performed under the applicable permit.

If shall be the responsibility of the Applicant to see that all applicable codes and ordinances are complies with and that all contractors and subcontractors are licensed to do work in the state of Washington and the City of Algona.

An accurate and legible as-built using the existing plot plan must be provided prior to final inspection.

The above information is correct and I agree to comply with all City and State laws regulating this work.
