FACT:

The Washington State Water Pollution Control Law (RCW 90.48) and the King County Code (KCC 9.12) prohibit the discharge of pollutants to the storm drainage system, surface water and groundwater. Direct dumping of material or polluted storm-water can negatively affect every water body it enters.

200 Washington Blvd. Algona WA

Full description of event will be posted on Website
April 2nd

Y12SR
The Yoga of 12-Step Recovery
The issues live in our tissues.

TUESDAY TUNE-UP  

Y12SR combines the practical tools of the 12-step program with the ancient wisdom of yoga.

When: Tuesday's from 6:30-8:00 pm
Where: Algona Community Center
200 Washington Blvd, Algona WA 98001
Wear comfortable clothing, and bring a yoga mat and blanket if you have one!
Contact: Danakeegan3@gmail.com

Combining Yoga and Recovery creates a model that truly addresses addiction as the physical, mental, and spiritual dis-ease that it is.
Y12SR is a discussion and yoga practice open to anyone and everyone who is affected by their own addictions or the addictive behavior of others.
We might broadly define addiction as ANY behavior that we continue to do in spite of negative consequences... Everyone is welcome here.

Mayors Message

I would love to begin my message by expressing my immense gratitude towards our hardworking Public Works team. They have been doing an excellent job of flushing the storm water pipes and cleaning ditches in the north end of town.

One of the most impacted neighborhoods was 9th Ave N, which is where the Public Works Team began their efforts, as it has been a persistent problem area for flooding. After a half day of hard work, major improvements were seen and water began to flow in the storm system.

Other neighborhoods and businesses are also facing similar issues, and over the years, the homeowners had been left helpless with no solution. In fact, the city had been struggling with a long-fought bureaucratic battle to get some help. Now our Public Works team is empowered and has been working tirelessly to fix the problem. As a result, the crew has come to the rescue to those residents impacted the most by flooding.

It is truly inspiring to see our Public Works team working so diligently to address the flooding issues in the north end of town. While this is a great start, there is still so much work left to be done in other parts of the city. We hope that the success of this effort will inspire further action and investment in our infrastructure to address the major quality of life issues facing our community. Thank you again to our hardworking Public Works team for their dedication and commitment to serving our community.

As the Mayor of Algona, I am committed to ensuring that our community operates with transparency and openness. I strongly believe that all issues affecting our community should be addressed in a fair and just manner, and that every member of our community should have a voice in the decision-making process. To achieve this, I will work determinedly to create an inclusive and collaborative environment where all stakeholders can engage in meaningful dialogue and contribute to the development of effective solutions. I am confident that by working together, we can build a stronger and more vibrant community that benefits everyone who calls Algona home.
